

STARTUP SAAS ORDER FORM AND TERMS

This Order Form is between BrightDesk Labs ("Supplier") and Greenfield Operations ("Client"). The service starts around July 2026.

1. SERVICE

Supplier will provide its workflow platform and normal support. The specific modules, user count, implementation deliverables, acceptance criteria, and support channels will be agreed later.

2. PRICE

Client will pay approximately USD 60,000 per year, subject to adjustment based on usage. Invoices are due promptly.

3. TERM

The parties expect an initial one-year relationship and may continue afterward. No renewal process, notice period, or fixed expiration date is stated.

4. AVAILABILITY

Supplier aims for high availability but does not guarantee uptime, response times, restoration targets, or service credits.

5. DATA

Supplier may process Client data as needed to provide and improve the service. Security safeguards, breach notification timing, subprocessors, data location, return, and deletion are not specified.

6. TERMINATION

Either party may end the relationship if things are not working out. The effect of termination, notice requirement, refund rights, and transition assistance are not specified.

7. CONFIDENTIALITY

The parties agree to keep sensitive business information confidential. No duration, exclusions, disclosure rules, or required safeguards are stated.

8. GENERAL

The parties will work together in good faith. This document does not specify liability limits, indemnification, governing law, dispute resolution, formal notices, or amendment requirements.
